Introduction

Welcome to Valley Christian Academy. VCA is a Christian K-12 school associated with the Prairie Spirit School Division No.206. This unique school first opened its doors in 1986. While the Prairie Spirit School Division hires and pays the teachers, it accommodates the Christian emphasis of the school in hiring of staff members.

The school program follows the provincial curriculum interpreted from a Christian perspective. Students who meet the credit requirements of core curriculum graduate with a complete grade twelve standing from Saskatchewan Education. However, the school is free to add other curricula or to replace certain units with material that is agreed to be of equal academic value in order to ensure that the school retains its Christian integrity. A reasonably broad spectrum of class offerings assures that students graduating from VCA will have had opportunity to take all classes necessary for acceptance into the post-secondary institution of their choice.

The school is committed to a Bible-centred education and as such students receive formal instruction in Christian Ethics in Kindergarten (K) to grade twelve (12) and an attempt is made to integrate Biblical principles and perspectives throughout the curricula in all grades. Teachers at VCA are provincially certified and great care is taken to ensure that all staff hired are committed Christians who support and uphold the mission of the school.

Mission Statement

At Valley Christian Academy we strive to teach and train students to become disciples of Jesus Christ so "...that in all things He (Christ) might have pre-eminence. (Col. 1:18). As such we purpose to provide a positive environment and a high quality program which facilitates:

- ♦ spiritual growth
- ♦ physical discipline
- ♦ social development
- ♦ academic excellence

Statement of Faith

- WE BELIEVE in the one living, eternal and true God who is the Creator of all things.
- WE BELIEVE in the deity of Jesus Christ who became the propitiation for all sinners.
- WE BELIEVE in the person of the Holy Spirit, sent from God and indwelling all believers.
- WE BELIEVE in the Trinity of the Godhead - God the Father, God the Son, and God the Holy Spirit.
- WE BELIEVE in the virgin birth of Jesus Christ.
- WE BELIEVE that the Scriptures of the Old and New Testaments are wholly inspired by God, and are infallible and the final authority in faith and life.
- WE BELIEVE that man is a sinner by nature.
- WE BELIEVE that man is a free moral agent.
- WE BELIEVE in the Church as the body of Christ and its mission is to fulfil the Great Commission of preaching, teaching, and discipling.
- WE BELIEVE that every repentant sinner should be baptized with water upon confession of his/her faith.
- WE BELIEVE that the Lord instituted the ordinance of communion as a remembrance of his suffering.
- WE BELIEVE that the church has the obligation to keep pure the Body of Christ by discipline those who have fallen into sin.
- WE BELIEVE that believers are to walk in love towards God and man, refraining from carnal strife and contentions in all areas of life.
- WE BELIEVE that God instituted marriage as a permanent bond between male and female of the same faith.

- WE BELIEVE that all governments are instituted by God and therefore are to be respected as such.
- WE BELIEVE in the literal resurrection of the body, both of the just, and the unjust.
- WE BELIEVE in the everlasting blessedness of the saved, and the everlasting punishment of the lost.
- WE BELIEVE in the personal and bodily return of the Lord Jesus Christ as King of Kings and Lord of Lords.
- Valley Christian Academy has also adopted the Nashville Statement which is an Evangelical Christian statement of faith relating to human sexuality and gender roles authored by the Council on Biblical Manhood and Womanhood.

Guidelines for Students

The underlying principle for all guidelines that follow is found in Mark 12:30,31. " *And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. And the second is like, namely this, Thou shalt love thy neighbour as thyself. There is no other commandment greater than these.*"

Here are some standards that all students at VCA are expected to observe.

- ♦ Be respectful - the Bible commands us to honour and respect those in authority over us (1 Peter 2:13-18) and to respect peers (Col. 3:12-13)
- ♦ Be courteous - courtesy and a display of good manners is showing Christian love in practical relations with others (Eph. 5:1)
- ♦ Be honest and controlled in speech - profanity, lying and stealing are clearly destructive and ungodly characteristics (Eph.4:25-29; Eph. 5:4)

♦ Take care of the school - the school is a facility that is on loan to us from the Lord. You can keep it a pleasant place by exercising good stewardship. Avoid such things as littering, marking or breaking furniture, wearing dirty footwear in school, or any other such inconsiderate behaviour.

♦ Be diligent in your studies - it is God's will for you to be at VCA this year and as such you are compelled to do your best in your studies realizing that it is God, not man, that you are serving (Eph. 6:7). Homework should be carefully and thoroughly done and preparation for exams should be conscientiously undertaken.

♦ Be a forward thinker - education is a student's responsibility. Let teachers know if you'll be away. Find out what you missed, catch up, and be pro-active.

Guidelines for Parents

♦ Valley Christian Academy exists to educate mainly the children of Christian parents.

♦ It is of prime importance that Christian values based on Biblical truth are taught and reinforced in the home. The foundations of a strong Christian home are the diligent study of the Bible and constant attention to prayer. These values need to be both taught and modelled for children.

♦ Strong parental support and communication between the home, school, and the VCA Board is essential in order to ensure that the Christian education received at school is as meaningful and effective as possible.

♦ The Bible states that what enters the mind through sight and sound has a tremendous impact on the spiritual well-being of the child. Therefore, we strongly recommend that the use of the television, internet, mobile devices, and other media reflect the Biblical directive to think on those things that are pure, virtuous, etc. (Phil. 4:8)

♦ The use of alcoholic beverages in the home is discouraged. Our bodies are the temple of the Holy Spirit (1 Cor. 6:19,20). The Bible clearly states that "wine is a mocker, strong drink is raging: and whoever is deceived thereby is not wise" (Prov. 20:1). We are also admonished not to be "drunk with wine, but filled with the Spirit" (Eph. 5:18).

Extra-Curricular Activities

1. Eligibility

♦ If a student is to be eligible for participation in an extra-curricular program then he/she should exhibit a positive attitude, be academically responsible (fulfil requirements for each as set down by the subject teacher), and exhibit the kinds of behaviour which would bring honour to the school and glory to God.

2. Student Representative Council (SRC)

♦ The SRC's purpose is to develop student leadership skills and to allow students the opportunity to have input in the activities and operations in school.

♦ The SRC organizes various events during the course of the year and is responsible for student centred projects such as purchasing team uniforms, microwave ovens, trophies, etc.

♦ Elections for executive positions (president, vice president, plus six members at large) are held in Spring of each year.

3. School Sports Program

♦ VCA competes with other schools in the Prairie Spirit School Division in soccer, volleyball, basketball, badminton, track & field, golf and cross country. We are happy to offer these programs but appreciate when parents are respectful of coaches and caretakers' time and pick up their children in a timely manner, or plan/organize rides for their children after games and practices.

♦ Recreational activities are offered for students of all ages during the noon hour and at recess times.

4. Choir

♦ VCA offers Choral 10, 20, 30 as a credit class to students in grades 10-12. Students who take this class are expected to participate in local church concerts, school chapel programs, retirement home visits and other events as arranged during the year.

5. Yearbook

♦ Yearbooks serve one major purpose; to communicate what is going on in the school, the community, and the world, as it affects the school. The yearbook is a history of the year at our school as seen through the eyes of our students.

♦ The other function of the yearbook is to provide an educational experience for all the members of the yearbook staff. Some members of the staff will gain more experience in business by selling ads, dealing with business people and setting up their own financial structure. Others will gain experience in photography, design, or perhaps the technique of writing. The yearbook cannot exist without the dedication of the yearbook staff. At VCA we rely on students to volunteer their time and efforts to this project.

General Information

1. Attendance

- ♦ Regular school attendance is the responsibility of the parent and the pupil and is required by the Education Act (Government of Saskatchewan).
- ♦ Regular attendance and prompt arrival to class are necessary to ensure the continuity of the educational process. Time lost from class is irretrievable and absences tend to disrupt the flow of the instructional program. Student success is the ultimate goal of a school attendance policy and procedure.
- ♦ Attendance will be taken by subject teachers in each class during the school day.
- ♦ A phone call from a parent/guardian is required for each absence. The parent/guardian is to notify the school by phone of any absence and provide a reason for the absence. The parent/guardian must also contact the school if the student is required to leave the school at some time during the school day. Under no circumstances is a student to leave the school without first checking out at the office.
- ♦ While it is understandable that some absences must occur due to illness and emergencies, it is also true that some absences can be avoided. Try to schedule family trips during the holidays, dental appointments after school hours, etc.

2. Truancy

- ♦ A student will be considered truant when he/she is absent without the knowledge or consent of the parent/guardian and school officials. The parent or guardian of any truant student will be notified by the school and the student will be disciplined for the truancy. If the truant behaviour continues, the student risks the chance of more severe action, including expulsion from the school. A guideline for skipped classes is 2 hours of detention will be served for every 1 hour of skipped class time.

3. Punctuality

♦ Students are expected to be on time for each class. Students should be seated in their desks prior to 8:45 AM and 12:48 PM in preparation for announcements and PM classes respectively. Students are expected to be seated promptly after the bell indicating the beginning of each class. When students frequently arrive late for school in the morning, a phone call home will be made by administration. If the problem continues, students will be asked to make up for missed time in detention.

4. Leaving School

♦ Students who wish to be excused from school during the day should check out at the office. A student who is ill and wishes to leave the school should come to the office. An attempt will be made to notify parents before the student is allowed to go home.

♦ Only students in grades eleven (11) and twelve (12) are permitted to leave the school grounds at noon.

5. Announcements

♦ Announcements will be made at the beginning of period one each morning.

♦ Announcements are communicated through the two TV monitors in the hallway all day long.

6. School Equipment and Property

♦ A student will be charged for the cost of repair or replacement of any items or property which are damaged, lost or destroyed by that individual, if the cause of that loss is determined to be the fault of the student.

7. Noon Hour House League (Intramural) Program

♦ VCA offers a recreational intramural program at noon hour, for students in grades 1-6. Participation is optional and activities vary throughout the year. High School intramurals are organized when student interest grants it.

8. Resource Centre (Library)

♦ The school Resource Centre is basic to, and supportive of, the entire educational program. To facilitate maximum student usage of the facility, students are given a great deal of freedom with a minimum of restrictions. However, to ensure this freedom of use to everyone and to keep the library central to the educational program, the following regulations apply.

♦ Students using the Resource Centre must remember that:

- The library is to be a quiet place at all times.
- The library is used for student research and project work as well as for finding research books and supplementary reading materials.
- Reference books and encyclopaedia cannot be removed from the library.
- Books must be signed out following proper sign out procedures.
- Current issues of periodicals are to be used in the library.
- Students with overdue books will not be allowed to borrow any new books until all overdue books are returned.
- If a book is not returned within a designated time it will be considered lost and the defaulter will be asked to pay the replacement cost of the book which will be assessed by the librarian.
- Food is not permitted in the library.

- Pictures, etc. should not be cut from periodicals, newspapers, or books.
- A breach of library rules may result in suspension from the library.
- The library will be locked whenever the librarian is out. Students may be accompanied to the library by their classroom teacher in such cases.

9. Newsletters

· VCA publishes a newsletter each month. This is intended to provide important and current information concerning school activities.

10. Special Education

· We realize that all students are uniquely fashioned by God. We all grow, develop, and learn at an individual pace.

· Valley Christian Academy offers individualized and small group instruction to the students who are referred to the special education teacher. Teachers refer students who can benefit from a more structured or individualized approach. Students may require only short designated periods in order to develop specific skills or they may require assistance for daily instruction for extended periods.

· Teachers may request the assistance of the special education teacher(s) in material selection, teaching strategies, students assessments and programming.

· Presently, the primary objectives of the special education department are to facilitate some of the specific needs of students and to serve as an in-school resource for teachers.

11. Spares

At VCA spares are not encouraged. A spare is considered a one class length period of time (usually 60 minutes) in which the student is not registered in a formal class.

Spares may be taken under the following conditions:

- The student must be in grade 12 - No spares for students in grade 11 or lower.
- A student may only have one spare per semester and that time should be used for homework, studying or other school work.
- Students who are on a spare should work in the commons area. Computer labs and libraries are considered classrooms and may not be supervised at all times; nor should it be the role of a teacher in that room to supervise students other than their own.
- A student in grade 12 who finishes their required course work to satisfy Ministry of Education requirements for graduation before the end of the school day may leave school for the rest of the day. This is not considered a spare(s) as the student is not in school. It would be our hope that students leaving school before the end of the school day would use their time beneficially i.e. working at a job.
- The principal may, at his or her discretion, grant exceptions to these rules under special circumstances. The principal has the final word on all matters to do with spares.

13. Telephone

- ♦ There is a phone adjacent to the office which is available for student use. However, use of this phone is restricted to noon hour, breaks, and recesses except in case of emergency. Use of the phone during instructional time requires permission from a teacher.
- ♦ Phone conversations should be kept to a maximum of five (5) minutes duration to enable others to make use of the phone.

♦ Parents who wish to contact a student or teacher during the school day will be asked to leave a message with the secretary who will deliver it to that individual. Students and teachers may also be contacted during recesses, breaks, and noon hours.

14. Bus Transportation Cancellations

♦ In the event that school transportation must be cancelled due to inclement weather conditions or due to another emergency, an announcement will be posted on the Prairie Spirit website homepage (www.spiritsd.ca) and bus drivers will call parents. An information Bus Hotline (306-683-2805) with a recorded message on the status of buses not running will be available. Prairie Spirit School Division does not announce bus cancellations on any radio or TV station at any time.

15. School Admission Policy

♦ Admission is available to all students of parents who are supportive of the guidelines, purposes, rules and policies of the school.

♦ Kindergarten enrolment will take place in November. Applications will be accepted until November 1st.

♦ Student applications received prior to March 1 are given the following priority ranking:

1. Children of Bergthaler Church members
2. Children of VCA staff
3. PSSD children
4. Others

♦ Preference will be given for siblings at each of the priority rankings first, and an alumni of VCA second.

♦ The School Committee may at its discretion, interview parents and prospective students prior to enrolment. However, the child may be conditionally enrolled by the principal prior to the interview.

♦ The School Committee may, at its discretion, limit enrolment.

♦ A new application must be filled out each year if a student desires to be kept on the waiting list.

16. Reporting Periods

♦ Students in grades 7-12 inclusive, receive report cards quarterly in November, February, April, and June.

♦ Copies of the Unofficial Transcript will be available to students at the school. Transcripts are no longer mailed to students. Official copies to use for post-secondary requirements need to be requested through the Ministry website.
