Dividers	1 pack	

Dear Parents and Guardians,

This supply list is a general idea of what most students require throughout the course of the year. If supplies run out a note will be sent home to replenish as needed. Please send all supplies on the first day of school as that is when we organize our subjects and storage of extras. Please ensure geometry sets, calculators and rulers are included in supplies as our Math program requires each student to have their own. It might also be a good idea to label your child's name or initials on all supplies.

It is also very important for students to have athletic shoes and a change of clothes for physical education.

I look forward to a wonderful year! Have a fabulous summer vacation and remember to have fun and READ! ☺

Sincerely,  
Mrs. Doucette
