Old Business:

- Before and After School Program update – Brody

We have a copy of the division stock agreement for Before and After School programs. A copy has been given to a community member to review. Waiting to hear back from an interested stakeholder to move forward with this initiative.

- PAA Proposal update – Brody:

We will be working with W.W. Brown School to maximize the Borden School student experience next. Our goals are to increase the options and choices available for our students, and to ensure that the arrival/departure times for our students are as efficient as possible.

- Garden Committee Proposal/Plan – Alana and Marcia

Our Garden Committee is looking to start a smaller project to test for viability. Currently looking into constructing some garden beds and engaging with some easier produce (pumpkins and sunflowers were mentioned as examples).

- "SCC in a Box" through Peggy – Alana

There is no box. Our SCC is not currently interested in constructing a box.

- Organizing and Planning another partner activity with our Sr. Community and Borden School – Alana

SCC Meeting Agenda

April 3rd, 2019 (6:00)

Goal is to engage some community stakeholders and knowledge keepers in the construction of some raised garden beds.

- Tutor update – Brody

In process and thank you for the continued patience.

- Ball Diamond update – Kimberly and Brody

Prairie Spirit School Division is interested in working with local rec boards and organizations to update and renovate a diamond. We could have the option of repurposing some materials from our fenced cement pad area so long as we had a vision for the cement pad (like a garden area).

New Business:

- **SCC Talent Show** – feedback

The Talent Show was exciting and well done. The food was fantastic and the performances were delightful. There was some discussion about being mindful of the date next year and having it not land on the day following the ski trip.

- **SCC Norms** – invitation

We have invited members of our SCC to be sure that concerns are being communicated to classroom teachers before a conversation at an SCC meeting. This is an invitation to include our teachers in the conversation and follow the protocol of best practice around communication.

- **Risers and Staging**

The idea of a flexible staging and riser combination was embraced by the members present as a worthwhile pursuit.

- **High Energy**

We had a conversation on how to motivate and engage high energy students (mostly boys). It was agreed that it is challenging, but that as a school, community, and SCC group that we need to work toward finding ways to work with our high energy students instead of against them.

- **Awards Night Date**

Wednesday, June 12th was selected for the Awards Night
