Dear Borden School Families and Supporters:

All of our Borden Bruins are charged up for the final push of the school year after a wonderful and rejuvenating break!! It is hard to imagine that May is here already as it seems like such a short time ago that we were just beginning our first days of learning as a school community.

As the school year enters into the final 2 months, our staff work is now geared toward reflecting on our successes, areas for further improvement, and final-step goal work. On May 28th, three Borden School staff members will present our *Learning for Life* presentation to the Division Board. This year, the presentation will focus on our work around problem solving, assessment, and literacy. Although we feel proud of the work that has been accomplished so far this year, we are eager to look critically at what we've done, and strive to find ways to improve further as we drive to finish the school year on a note of continuous improvement.

Later in May, the Borden School Staff will also engage in year-end goal meetings. Again, this will be an opportunity to celebrate successes, identify areas for further improvement, and establish next steps. The staff has worked diligently and intentionally all year, and this is an exciting part of the teaching process. Refining practice and committing to next steps is an invigorating way to engage in our work over the last 2 months of the school year.

Lastly, the Borden SCC has been a wonderful and passionate group all year. Their efforts and contributions have led to many successful events and activities in the school and community. I was also very proud to sit at the SCC General Assembly with members of the Borden SCC. Borden School is so fortunate to have the support, expertise, and passion of our parent and community stakeholders. Through the tireless efforts of our SCC, there are still more events being planned and put into place through the end of this year.

As always, I'd like to encourage anyone with questions, wonderings, or concerns to reach out to the school. The easiest ways to do so are to call us at 306-997-2090, email me directly at brody.morris@spiritsd.ca, or set up an appointment to meet in person.

Thank you for your understanding and support!
