Dear Borden Families and Supporters:

As I am sure you have noticed, the weather has been **COLD** so far in January. During these cold weather days, it is important that all students and families make safety their first priority. Borden School would like to share the following messages to all our families:

- 1) The school will be open and operating as per usual during these cold weather days. Course work and assignments will advance even during cold weather days.
- 2) Please be sure that students that are being transported to school by private vehicle do not arrive before 8:20 AM.
- 3) Students from K-6 will have indoor recess breaks (the gym is made available for physical activities) when the combined temperature is -25°.
- 4) It is very important that students dress for the weather even when there are likely to be indoor recesses throughout the school day.
- 5) Classes will still move forward during stretches of inclement weather. Staff ensure that all course work and assignments are communicated to all students. The expectation is that work that is missed is to be completed in a timely fashion by students.

Thank you for taking the time to read this letter, and thank you for diligently communicating the attendance plans. If you have further questions, wonderings, or concerns, please reach out to us at the school. The easiest ways to do so are to call the school (306) 997-2090, email me at brody.morris@spiritsd.ca, or schedule a time to meet at the school.

Thank you for your understanding and support!
