

Remind

As a communication tool, Borden School would like to implement the Remind App to help keep in touch with parents and guardians, especially when there are unique situations to report. Examples of when we may use this app:

- if a bus on a field trip is delayed,
- if our regular bus charters are delayed, or
- if the power goes out for an extended period of time.

This is a one-way communication app to provide parents and guardians with pertinent information, news, and updates quickly and efficiently. Remind is a FREE service that allows you to get messages directly on your phone.

The directions on how to sign up are as follows:
