Dear Borden School Families,

On November 9th, some information from the government: [COVID-19 cases in Saskatchewan schools: October 25, 2020 - November 8, 2020](#) was observed by many Borden School families and caused confusion and anxiety. The information appeared to convey a positive case being reported at Borden School, which is not the case.

As of November 10th, 2020, there have been **no** positive COVID-19 cases reported at Borden School. Public Health personnel inform school divisions directly when a positive case occurs at a school. I have consulted with our Prairie Spirit Division office and can confirm that this has not happened for Borden School.

To my knowledge, there have been 0 cases at Borden School so far this school year. The chart in the link above reads 0 in the "case count" column.

Borden School has been committed to the values of honesty, transparency, and timeliness in our communication with all families throughout this pandemic. We will continue to uphold these values in our communication practices moving forward.

I thank you for taking the time to read this letter. If you have questions or would like to speak about anything at Borden School, please reach out to me. I can be reached by email at brody.morris@spiritsd.ca, a phone call to the school at (306) 997-2090, or you can call or text my cell phone at (306) 371-2888. Your gracious support and kindness are always appreciated!

Brody Morris – Borden School Principal
