Delisle Harvest Festival 2016

The Delisle Composite School Community Council (SCC) is excited to partner with the **Delisle & District Women in Business** (WIB) organization with the Delisle Harvest Festival. The WIB organization is made up of independent, local business women who **work together** to support each other and promote their **unique products and services** in the community.

The mission of the **Delisle Composite SCC** is very similar.... to **build relationships** with local businesses, organizations and individuals to enhance the role of the school in the community. **We are providing a Free BBQ to get things started.**

School staff work every day to provide an exceptional learning environment for our youth, but, like other organizations, face challenges with budgets and time. Many of the valuable activities and events the school provides require a level of support and participation from the community. ***This is where you come in!***

You could join the SCC board and help develop and implement solutions to these challenges, or... you could just offer some of ***your time and expertise*** to support a specific project today.

Flip this newsletter over for a few of the current projects that need your support, because ***'it takes a village to raise a child'***.

Stop by the SCC ***"Help Desk"*** at the front of the school and discuss, with SCC members and school staff, how you can help. We look forward to meeting you tonight.
