Safe Secure School

Over the next month we will practice securing the school for the safety of everyone in the building and in accordance with Prairie Spirit School Division policy. In case of a real emergency all parents will be informed as soon as it is safe to do so. If you have any questions about these procedures do not hesitate to contact the school.

A **lockdown** is defined as the restriction of movement during the time of a potentially serious violent incident. Threat is inside, or in the direct vicinity of the building, risk is significant and immediate.

Hold and Secure is for exterior emergency situations not related, but in close proximity, to the school. In this situation, the exterior doors are locked, but the school continues to function normally. A serious emergency is occurring outside the school and may pose a risk.
