

November update

Dear HBE Families:

We hope your fall has gone well.

There are few updates for you from the PSSD:

- 1) Funding grants \$ will be sent out at the end of January 2022.
- 2) Extra-curricular involvement, at the school level, is still on pause at this time. We will let you know if this policy changes.
- 3) HBE is still not booking open gym time or ice time. We will let you know when bookings become available again.
- 4) All PSSD students have a NSID (username) and are given a password. Students can use that login information to access Office 365 and it is required to take the PSSD online Drivers Education courses when they are of age. You can access office 365 here:
<https://www.spiritsd.ca/students/#1>

I will send you your student's NSID and temporary password if you don't know what it is. If they were recently registered at a physical school, it will be the same information. Otherwise, please email me and I will send it to you.

Western Development Museum Programs

<https://wdm.ca/saskatoon/learn/for-teachers/>

The WDM museum is open for general visits following WDM COVID 19 protocols and all Saskatchewan public health measures. If you are interested in booking a visit or would like more information, please contact the WDM at saskatoon.ed@wdm.ca or 306-931-1910. Please note that HBE students will pay at a reduced student rate.

PSSD Home Based Education

November 2021

Rover (Recommended Online Video Education Resources)

Rover is a video streaming service for Saskatchewan teachers and managed by the Sask. Ministry of Education. It is also available to home-based educators. There are over 100 videos on Rover that can enhance learning. Go to <https://rover.edonline.sk.ca/>

To Login to ROVER through a Blackboard account use:

User name: firstname.lastname
(Example: fitzgerald.lorraine)

Password: 4 digits of student's birthdate
(MM/DD format. Example: Sept 10 would be 0910)

Info for Senior students from SIEC: Spotlight on Careers

Do you want an exciting career in one of the most in-demand industries? Join the SIEC for the **Spotlight on Careers in TECH.**

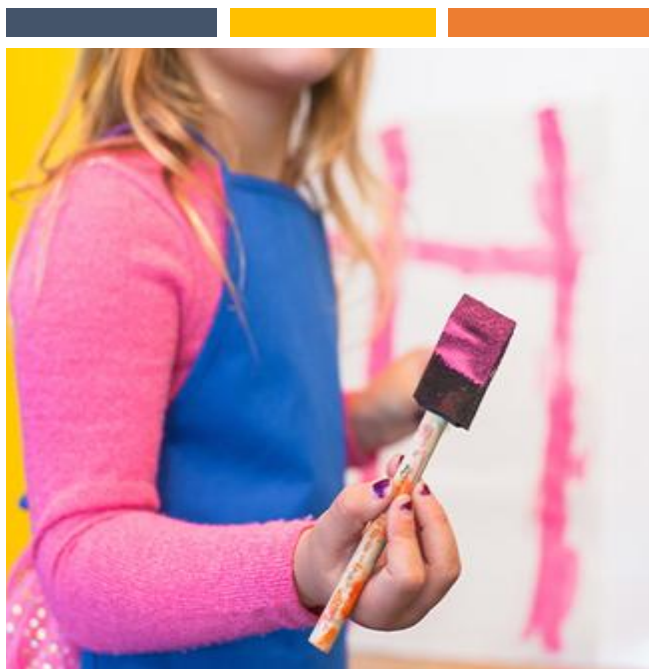

Virtual Spotlight on Tech Career Pathways Panel - Wednesday, December 8th (1:30 - 2:30 PM)

- Hear from the University of Saskatchewan Computer Science Department about exciting changes to their program offerings and Industry professionals sharing their career journeys.
- This live event will provide the opportunity for student, teacher, and parent Q&A.
- Participants can pre-register via the QR code on the poster or through our website.

To learn more or register for our career exploration, virtual events, visit: www.saskatooniec.ca/TECH
