

Reminders to HBE educators:

March 16th is the last scheduled **skating** time at the Warman Home Centre Communiplex, Gym times will continue until June 27th.

Students that are turning 15 should contact their local school to see when the **driver's education** course is being offered and get their name on the list. When the information about the Summer drivers' course is released I will send that information to the grade 9&10 aged students.

Your Home Based education **annual year end summative reports** are due at the latest by **June 15th** .

I am not able to register a student until the annual summative report is submitted.

Each year you are required to re-register with Home based education, you don't need to do the PSSD online registration again, but you do need to fill out these 3 Home Based forms each year by **September 15th** or earlier. 1) Notice of Intent, 2) Education Plan, 3) Funding form

All of these forms are available on the PSSD HBE website:

<https://www.spiritsd.ca/parents/#2>

Educational events and resources:

2023 Heritage Fairs

Project submission deadline: April 24

Engineering and Geoscience

National Engineering Month

The movie, *Dream Big: Engineering Our World*, and accompanying educational resources explore how engineers solve big and small problems to improve people's lives. The Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS) continues to make the movie Dream Big: Engineering Our World available to teachers on [ROVER](#) and teachers can see how the content fits with curriculum at the [Ministry of Education's curriculum site](#). Note: this will be removed from ROVER by the end of June, 2023. APEGS and the Saskatchewan Geological Society created GeoExplore Saskatchewan,

an interactive map and online resource featuring an array of geological points of interest and geoscience concepts that explain their origins. [GeoExplore Saskatchewan \(arcgis.com\)](http://arcgis.com).

Grade 7 - 12:

Zak's Building Group – logo contest for students

Submissions due: March 30

Zak's is inviting [student submissions](#) for a logo for the company's reforestation initiatives.

Please go to the following [link](#) for details.
