

Message from School Administration

It's the final month of the 2023-2024 school year! While it feels in some ways like we're winding down we also still have a lot to do this month. We have our elementary track meet, end of year field trips, academic work to finish and grad!

We encourage all students to remember not to take their foot off the gas pedal yet! Finish strong! We are proud of all the growth we've seen this year in our students with academics as well as watching them become even better citizens in the school and community. We look forward to our school feeling brand new in the fall with construction (hopefully) finishing before we return in September.

Congratulations to all of our graduates from all of our staff. We are so proud of you all and we wish you all the best in the future!!
