Parental Consent for Photography, Media, Division and School Website:
We would like permission to publish pictures in school, local newspaper, school
yearbook, school and division website

Player's Signature: _____

Parent's Signature: _____

Date: _____

ROYALS FOOTBALL

THE ROYALS BELIEVE:

All players will display integrity, demonstrate a desire to improve and be willing to give their best effort during all practices and games.

All members serving in any facet of the Martinsville High School ROYALS FOOTBALL TEAM must adhere to the following expectations.

COMMITMENT: Commitment and dedication to the team is of utmost importance.

- Players are expected to demonstrate a “team” mentality and to follow the instructions of the coaching staff.
- Players are expected to attend spring camp to compete for a starting position.
- Players are expected to come to practice on time and ready to play.
- Players are expected to commit to being at every scheduled practice.
- Players are expected to attend all team meetings.

COMMUNITY: All members of the team are also members of the community, having been funded and supported by the community. It is important that at all times, players conduct themselves in a responsible manner, abiding by the law and showing respect to people and property.

FEES: All registration and/or team fees outstanding must be paid prior to the commencement of the regular season. Players are also expected to participate in scheduled team fundraising activities.

DRUGS/ALCOHOL: Royals Football promotes a healthy lifestyle void of drugs, alcohol and/or tobacco products.

SCHOOL: Players are students first. The expectation that players are passing all of their classes, respecting staff and fellow students, and adhering to school policy will directly determine play time during games.

ATTITUDE: The attitude shown by both coaches and players is what will define the team. For this reason, a positive and respectful attitude along with a strong work ethic both at practice and at games will determine the team’s success.

Together we are stronger.

Student name (Please print) _____

Due to the highly competitive nature of football and the limited number of games we play, there is no guarantee that a player will see action in games unless he demonstrates the ability to do so regardless of years on the team, money raised, grade level, physical size, etc. Football is also a very dangerous, physical sport and injuries are a part of the game. The coaching staff is also committed to “building people first and football players second”, meaning that a respectful and positive attitude in the classroom, on the football field, and in the community will be paramount.

By letting your student try out for the team, you are agreeing to the above stated terms.
