Dear Parents,

Our school year wrapped up and there have been many occasions to celebrate. Grade 9 commencement highlighted the transition of our Grade 9's to high school. Best wishes to our Grade 9's as they start the next chapter in high school. Our Awards Day highlighted the great achievements of our students.

Some mornings are just a continual reminder of why Osler School is such a special place. I started off one morning submitting a report about our early literacy rates. The Ministry wants 80% of Grade 1-3 students reading at or above grade level. We at Osler are exceeding Ministry expectations. 87% of our Grade 1-3 students are reading at or above grade level. Thank you to all the parents of young children who make reading part of your daily routines and summer vacations. It makes a difference! After teaching a hard working math class I had the pleasure of meeting with two moms who are organizing a scrapbooking event. The profits will be used to support projects at our school. A grandma, who does not live in Osler but who has grandchildren attending our school, then dropped by with some delicious homemade cookies. She was just saying thanks. I continued on to the library to watch part of a class presentation. The poetry was fascinating. The pictures which captured the fun of the relationship between our Grade 2/3 class and their care partners in Grade 6 class were heart-warming. That all happened in two and a half hours. What a fabulous morning! Thanks to all the students, staff, parents and grandparents who help make our school community such a great place to learn.

Wishing each of you a safe and fun-filled summer!

Audrey Kampen
