## Principal's Message

I would like to, again, thank our SCC for their hard work in supporting Perdue School. They do an excellent job helping our staff and students academically and socially. Our staff appreciates their hard work and dedication and we continue to look forward to working with them.

On Monday, March 24<sup>th</sup> the elementary staff, along with our SCC kicked off their "One Book, One School", project to enhance reading literacy in the elementary grades. Our SCC, once again, has provided each elementary student with a copy of the book "Frindle" and has encouraged our students to read by handing out weekly prizes.

Last week I met with our Grade 12 students to go over their graduation requirements, and talk about post-secondary aspirations. I have encouraged students in high school to see me if they have any questions about post-secondary education, and to continue to look at our division based career education website [www.futurechoice.ca](http://www.futurechoice.ca). This website is not only helpful to students, but parents as well. It has a lot of great information that is beneficial to our students so please check it out.

Reminder that Grade 7 - 12 students will be receiving their report cards on Thursday, April 17<sup>th</sup>. Parents and students can access their marks online at [www.spiritsd.ca](http://www.spiritsd.ca).

Every student has the capability to access their marks, all parents have to do is ask them to use their username and password at the website listed above under the Power School Entrance on the front page.

## SCC News

On Monday, March 24 Perdue School launched their One School, One Book program—a four-week span in which the school's K-6 students, their parents, and school staff are set to simultaneously read *Frindle* by Andrew Clements. The One School, One Book program is a wonderful way to engage students and their families in reading.

The Staff and School Community Council held an assembly, to kick things off. Students were read a short summary of the book, watched a book trailer, and were presented with an outline of the activities they would be involved in during the book study. Some of the highlighted activities included such things as a Spelling Bee, Word Game Afternoon, and Class Inventions. Students will also have chances to win weekly prizes for attentive listening and reading of the book through daily trivia contests. To conclude the assembly students listened to the author read the first chapter of the book, Nick.

Each student received a package encouraging them to, "Read with someone every day." The package contained a copy of the book, a calendar for pacing the reading, and supplementary reading activities related to the book.

The staff and students of Perdue School would like to send out a big thank you to our School Community Council for helping with this project!
