How To Read With A Beginning Reader:

- Encourage your child to use his/her finger to point to each word.
- Read a sentence and have your child repeat it.
- Take turns reading a sentence each or a page each.
- Talk about the story as you read it. What do you think will happen next? What does this story remind you of? How do you think this character feels?
- Don't be afraid to read the same book again! Repeated reading helps build fluency!

REMINDER!!!

If your child requires a spoons/forks for their lunch please ensure you send one. It is not up to the school to supply to students with spoons/forks. This is becoming a costly expense for us.

Thankyou for your cooperation
