Principal's Message -

I can not believe we are only three weeks away from Christmas break!

Every year the staff works on a school goal. This year, we are continuing with our development of an individual goal, connected to My Prairie Spirit Classroom that will result in a positive impact on learning in Perdue School. Some of the areas that teachers will focus on this year include; relationships, learning and implementing new teaching strategies and play in the classroom. As a staff, we believe that learning and professional development is important to becoming better teachers. Keep-up the great work teachers!

At the beginning of the year I tweeted "yes, it's going to look a little different this year!" It seems new restrictions being announced daily, those words resonate with me. Being at school and seeing our students is the shot of adventure that we need everyday. The fact that we are in school and not conversing over a laptop, should not be taken for granted. There is nothing better than being together, learning and caring together. We appreciate all you do to make Perdue School an awesome place!

I would like to thank the staff for their hard work during these unprecedented times. Their dedication and empathy towards our students is second to none. Thankyou to everyone for inspiring me everyday!.
