

UPDATE:

After consultation with our facilities department and SCC, we have updated traffic flow patterns for parent pick up and drop off **when buses are not running**. Hopefully, this improves efficiency, while maintaining our highest priority of student safety.

When buses **are not** running, parent vehicles can enter through the north entrance on Baker Road, forming a single file drop-off line parallel to the sidewalk in front of the school. Please have students exit the vehicle curbside adjacent to the front doors. Vehicles can then proceed south and exit east to Range Road.

In the afternoon, if buses are not running, pick up is scheduled by bus cohorts. **To facilitate an efficient pick up, please arrive at your scheduled time slot.** Parent vehicles can enter through the north entrance on Baker Road, forming a single file pick-up line parallel to the sidewalk in front of the school. Your child will be waiting with their bus cohort in the front entrance. When your child recognizes their vehicle, a staff member will send your child out. Vehicles can then proceed south and exit east to Range Road.

We recognize that this might not be convenient in all situations; please contact the office if you need to make alternate arrangements.
