A little bit about our program...

Our program has been providing families a safe space for their children with engaging programming for 16 years and counting! We pride ourselves on our quality of care and our ability to build long lasting and positive relationships in the community.

We love to help children build strong friendships and connections with peers while immersing them in an atmosphere that is both relaxing and filled with interesting activities and experiences. We aim to provide children with free choice and a sense of autonomy while building their confidence and self esteem.
