# *Run, Jump, Throw!*

CVAC Recap:

We are extremely proud of all our athletes and coaches that represented and competed for our school throughout the school year in Cross Country, Golf, Volleyball, Basketball and Track and Field. We also want to send out a huge thank you to our staff volunteers who helped to coach our teams this year. Without the coaches our teams and athletes would not have been able to compete.

We also want to recognize and thank Carlli Chohaniuk for coaching the skill development sessions for elementary Volleyball and Basketball. She was truly instrumental in supporting the growth of our future Spirit athletes.

Looking ahead into the 24-25 season, we will be looking for parents and/or community members to help us coach and officiate our Volleyball and Basketball teams. If you are interested or would like more information, please contact the school.

# THE SOUTH CORMAN PARK SCOOP

June 2024

# THE SOUTH CORMAN PARK SCOOP

June 2024

Renovations coming to SCP!

Construction will begin soon on South Corman Park's new relocatable classroom!

If you are visiting our playground with your family over the summer, please be mindful to keep your distance from the construction area. Have fun and play safe!

As we work on plans for the 2024-25 school year, South Corman Park School is looking forward to adding another new portable, for next year's grade 8 class, which will be added on to the portable at the west end of the school, adjacent to the playground. Plans are currently under way with facilities, and we anticipate the construction to occur over the summer months, with minimal class disruption.

In addition, the Prairie Spirit Board of Education is excited to share that the Ministry of Education has announced approval for a major renovation project at South Corman Park School to transform it into a Kindergarten - Grade 12 school. This was part of the budget day announcement from the Government of Saskatchewan. The budget announcement includes funding for the design of the project. Once this major renovation project design is determined, this will be a multiyear project. We know families will have many questions about this exciting project. More information will be provided to South Corman Park families once plans are developed. Our planning will include meaningful consultation with students, staff and the community. Over the years, many South Corman Park families have advocated for a K-12 school in their area. Once the project is completed, students will be able to spend their entire school career in their community.

-----  
SLC Recap:

Dear South Corman Park School students, parents, and staff,

As we approach the end of the school year, **I'd** like to acknowledge the work of many at this school that made it such an enjoyable time for all. We sincerely appreciate the efforts of all the teachers, interns, and educational assistants that work at SCP. They make our **students'** learning enjoyable.

Speaking of the students—thank you all, SCP kids! **It's** been such a delightful school year with this excellent group of learners.

I was honored to be the school president this year. I was even more honored to have a fantastic group of elected SLC members and class representatives to work with. Even though we **didn't** get to organize many events this year, we had fun with what we did. It was such a joy to collaborate with the superb leaders of our school.

Overall, this year was great because of everyone at SCP. Despite some unexpected turns in the school year, we are wrapping up with joy and cheer. I hope that everyone had a fun time and learned lots at school. Now we can all enjoy a well-deserved summer break. Thank you for a wonderful year, everyone!

Cheers,  
-Kaia P, 2023-24 SLC president
