September 12, 2019

Dear Parents or Guardians,

We are aware of a police response that took place in our city early this morning. Police have informed us that the situation has resolved and school will operate as normal today.

We want to take this opportunity to remind you that our school(s) follow our Prairie Spirit School Division Caring, Healthy, and Safe Schools emergency and safety protocols. We work collaboratively with our RCMP partners, and our city's Emergency Measures Organization representatives in these matters and follow their recommendations as to our strategic response.

We are committed to working together to keep our community and school safe.

We also advise you to review safety precautions and plans with your own children. The following link may be useful when talking with your children about safety in general: http://kidshealth.org/kid/watch/out/street_smart.html

Sincerely,

School-Based Administration
