

Vanscoy Kindergarten Healthy School Plan

Your family's health is our first priority. You will find our school safety plan on the school website and the division plan at spiritsd.ca.

If your child is feeling unwell please keep them home. I will be in communication with all families about what we covered each day so you don't need to worry about your student missing out on their learning.

Outdoor Learning

Whenever possible we will be working and learning outside.

Please make sure that your student comes dressed for the weather everyday!

Frequent Hand Washing

Proper hand washing will be taught. Students will be given time to wash their hands after coming in from outdoor learning and before eating snacks and meals.

Circle and Table Time

Students will be assigned spaces to sit during table activities and circle time that are physically distanced to the best of our abilities.

Hand Sanitizer

Hand sanitizer will be available for students to use as they need. Students will need to sanitize or wash their hands before moving to a new play space or activity.

Marked Play Spaces in Classroom

During indoor exploration time students will be taught about appropriate physical distancing through marked play spaces. Each play space will have a maximum number of students allowed in it at a time.

Masks

All adults and students in grades 4 and up at the school will be wearing masks. Children in kindergarten to grade 3 are strongly encouraged to wear masks while at school.

Frequent Cleaning

A cleaning system will be set up that allows for an adult to clean play spaces after they have been used. The classroom will also be thoroughly cleaned each evening. All hard to wash toys and soft surfaces, such as carpets and stuffies, have been removed from the classroom.
