

Applications will be accepted starting the first school day in September for the following school year. Enrollment for Kindergarten for the following year is decided by our Board in November, and for Grades 1 – 12 in March. Applications received after the enrollment has been done, will be added to the waiting list and would only be considered if there's room in the grade for which they are applying. It is not generally our practice to accept students mid-year, as usually our classes are full.
