- ▶ The flu vaccine is a safe, effective way to help people stay healthy, prevent illness and save lives.
- ▶ The vaccine is offered through Population and Public Health clinics across the province, some physician and nurse practitioner offices and in local pharmacies. The vaccine is available at no charge to people with a valid Saskatchewan Health Card.
- ▶ Anyone six months and older can receive the flu vaccine and is encouraged to get vaccinated early in the season. Children 6 months to 4 years must be vaccinated at a Population and Public Health clinic.
