Dear Parents/Guardians of VHS Students:

We have been receiving some questions with regards to students staying home during a covid outbreak or staying home as a precautionary. Back in October, a letter was sent out explaining the learning options that Prairie Spirit School Division offers. It outlines that families who choose to leave their children at home, are responsible for their children's learning, unless they enroll into one of the programs offered by PSSD. Click here for the link to that letter:

Thank you,

Ron and Diana
