— every citizen a
life-long learner.**

VOLUNTEER INFORMATION

Fall 2014

Warman Community Middle
School

Welcome

This pamphlet provides general information about the Warman Community Middle School program.

Volunteers do not have to have children attending the school nor are parents limited to assisting only in classes their children attend. Volunteering at Warman Community Middle School benefits students, teachers, volunteers, and the school.

Our Story

Our school opened its doors in September 2013. We serve approximately 575 students in Grade 4-7. Our commitment to success for all students in a caring and respectful community is evident in our advisory program, the Circle of Power and Respect; the many extra-curricular activities offered; and the high standards we have for our students' achievement.

Opportunities

At Warman Community Middle School, some examples of how you can volunteer are:

- Reading to individuals or small groups
- Assisting students in the class with organizational skills
- Assisting students to access assistive technology
- Supervising students in extra-curricular activities (floor hockey tournament, drama practice)
- Partnering with a specific homeroom on a regular basis
- Field trips
- Supervision before and after school
- Supporting project work

This is in no way an exhaustive list. As we continually respond to the needs of our students, additional opportunities will arise. Suggestions for programs and supports are also welcome at all times.

Get Started

Please contact Mrs. Orth if you are interested in helping out in any way. After consulting with staff, we will arrange a brief meeting to complete necessary documentation and review your role at the school. In some cases, a Criminal Records Check will be required for approved volunteers. We look forward to working together!

Confidentiality

In the course of volunteer duties in the school, volunteers may have access to information that is personal or confidential in nature. This information is not to be communicated to anyone or disclosed in any manner or form other than for the sole purpose of fulfilling duties within the school context or under the Freedom of Information and Protection of Privacy (FOIP) Act.
