

EWES School Community Council Election Notice

Each year, School Community Councils (SCCs) are required to hold an election to fill any vacant elected positions. Elected members typically serve two-year terms, with staggered elections to maintain continuity and strong representation.

This year, EWES SCC is comprised of nine elected members who are all currently in the first year of their two-year term. As there are no vacancies, all positions remain filled by acclamation, and no election is required at this time.

We thank our EWES SCC members for their ongoing dedication to supporting our school and community.
